VIRTUAL
CYBER SECURITY ROADSHOW 2020

Educate + protect: external threats and internal vulnerabilities

PUBLIC SECTOR NETWORK

pwc

Melbourne	Canberra	Wellington	Brisbane	Sydney
22 July	23 July	28 July	29 July	6 August

Agenda Overview

As recently as 8th of May, the Australian Cyber Security Centre warned APT actors are actively "targeting health sector organisations and medical research facilities.

Couple this with the influx of Australians working from home, being connected is essential but brings risks as cyber-attacks become larger scale and more sophisticated.

At the 4th Cyber Security Summit, we're exploring the nature of cyber-attacks, their impact, and evaluating how to build resilience against cybercrime. We're unpacking everything from managing the control of critical information to response and mediation tactics to keep us protected in today's digital world.

Who is it for?

This series is designed for Chief/Director/ Head of:

- Information Security Officers (CISOs)
- Technology Officers
- Operational Technology Security
- Cyber Security
- Digital Transformation
- IT Security
- Risk & Risk Management
- Information Management

Reasons to attend

1. The must-attend event for those looking to deliver smarter, better and more secure public services
2. Learn about global and local trends in Government cyber security and cloud
3. Stay abreast of latest approaches that underpin strengthened security postures in Government
4. Uncover practical tools and strategies to improve data protection within your government organisation, and externally too
5. Leverage the experience and ambitions of other Agencies to set the vision and roadmap for the next 5 years

Agenda
Brisbane | 29 July 2020

Join Public Sector Network's Virtual Roadshow Series
5 cities split over 5 days | 9 am - 11 am | Hosted online
