

The Police Executive Research Forum (PERF) is an independent research organization that focuses on critical issues in policing. Since its founding in 1976, PERF has identified best practices on fundamental issues such as reducing police use of force; developing community policing and problem-oriented policing; using technologies to deliver police services to the community; and evaluating crime reduction strategies.

PERF disseminated a survey in November, in which PERF members were asked to share their views about priorities for the incoming Presidential Administration. As of December 1, more than 375 responses were submitted.

This overview does not cover all of the results or details of the survey. The complete survey can be reviewed at [CriticalIssuesDec34 \(policeforum.org\)](https://www.policeforum.org/CriticalIssuesDec34)
